Farm Mitigation Project – Attorney MacNeal reviewed the revised agreement for temporary access, staging and soil deposition for the upcoming project at Sinking Springs Farm with First Pennsylvania Resource LLC. She explained the project and that FPR will have 120 days to complete the work; however FPR feels they can complete the project in four weeks. The timeline will not interfere with Star Rock Farm’s planting or the Sewer Authority’s injecting biosolids. The total the Authority will receive from this project is \$6,050.00. This project will take the creek back to its normal condition. A Miller/Benedick motion was made to approve the Agreement for Temporary Access, Staging and Soil Deposition with First Pennsylvania Resource LLC. Motion passed unanimously.

Adjourn

At 7:17 PM a Good/Miller motion was made to adjourn. Motion passed unanimously.
